

/ LH4

Monofunction tool for insulation

See online
technical sheet

/ Use

The LH4 enables the user to remove the insulation.

/ Advantages

- Counter-iron to regulate tool feed and facilitate rotation

/ Technical specifications

- Specific tools : Cable tools
- Cable tools : Cable tools
- For network cables : high voltage
- Packaging : None
- Weight (kg) : 5,9
- Length (mm) : 640
- Width (mm) : 155
- Height (mm) : 95

- Max diameter (mm) : 110
- Mini diameter (mm) : 80
- Cutting depth (max) on insulation : 29
- Tools king : Specific tools

/ Spare parts

	Reference	Designation
	LAC4	Spare blades for insulation

/ Associated products

	Reference	Designation
	BMFD/50-160	Multifunctional tool stop
	CPM-LH4-V	CPM-LH4-V
	LHS4	Tool for bonded non peelable semiconductor with silicone
	DM 95-145	Stripping tool for HV and EHV cable's outer sheath and shield
