## / NE22

Winding reel not wired

## / Use

The non-cabled reel stores grounding cable and is easy to transport thanks to the Christophe straps.

The clamp NE22B permanently mounted on the reel ensures the connection between the cable and the grounding rod.

2 Christophe straps are also attached to the reel to hold the cable in place.

## / Technical specifications

- Product kind : Accessories
- Measurement : 405x360x185mm

Product reference	Weight (kg)	Accessory materials
NE22	2,6	Steel
NE22ALU	1,5	Aluminium
