

/ MT1080ACR

Earthing clamp

See online
technical sheet

/ Standards

- CEI 61230

/ Use

Type MT1080 is a earthing clamp for medium and high-voltage cylindrical conductors and busbars.

/ Areas of activity

-  Electrical distribution
-  Civil security
-  Transport

/ Technical specifications

- Product kind : Clamps
- Nozzle type : Horn (CR)
- Clamp material : Aluminium
- Clamp tightening (mm) : Ø10 à 80mm
- Conductor type : Round
- Operating voltage (V) : HTA
- Short-circuit intensity kA/Is : 31,5
- Composition : Anneau de levage sur la partie haute de la pince
- Measurement : 375x150x45mm
- Weight (kg) : 1,25
