Flexible copper earth and short-circuit cable

/ Standards

- CEI 61138

/ Use

Flexible stranded copper cable with transparent insulating PVC sheath for portable earthing and short-circuiting devices to IEC 61230.

/ Technical specifications

- Product kind : Cable
- Short-circuit intensity kA/0.5s : 13
- Short-circuit intensity kA/1s : 9
- Cable material : Copper
- Cable isolation type : PVC
- Cross-section (mm²) : 35
- Weight (kg) : 350 g/m
