Pole attachment device for ladders with interlocking elements

/ Use

This device is used to position ladders with interlocking elements where the installation of conventional bases are difficult or impossible to use.
The ladder attachment device can also be used as a working platform.

/ Advantages

- Quick and easy to use

/ Areas of activity

-  Electrical distribution
-  Transport

/ Technical specifications

- **Product type** : Positioning devices for working at height
- **Positioning devices for working at height** : Support
- **Operating voltage (V)** : HTA (1 000 V to 50 000 V)
- **Weight (kg)** : 8,2
- **Support material** : Metal
- **Pole-climbers belt material** : Polymer
- **Dimensions (mm)** : 570x450x385
- **Dimensions (inch)** : 22 1/2"x18"x15 5/32"
