/ MS41-12P12

1000V Insulated ratchet ring spanner 12-sided

/ Standards

EN 60900 / IEC 60900

/ Use

Due to its design, it allows fast and powerful tightening in hard-to-reach areas.

/ Technical specifications

Allows a minimum working angle of 5° between the pawl teeth, which guarantees maximum operability.

Advantages

- Reduced head thickness for excellent accessibility.
- Easy to use, reversible by turning the tool over.
