technical sheet

/ IS36 14X150

1000V Insulated hexagonal nut driver

/ Standards (old)

EN 60900 / IEC 60900 / ISO 691

/ Use (old)

Specially designed for screwing and unscrewing the most inaccessible nuts, these spanners are fitted with the same handle/grip as our range of screwdrivers.

/ Technical specifications (old)

The ergonomic design of the handle ensures a good grip and a low effort tightening torque.

/ Table legend

Short sockets for references AF and W. Other dimensions available on request.
