Insulated knife with long blade

/ Standards

EN 60900 / IEC 60900

/ Use

Overhead and underground networks, indoor electrical installations.
Sharpening is recommended using sharpener A02.

/ Technical specifications

Stainless steel blade, insulation by injection.

The blade insulation is locked by 6 fixing points to ensure that both blade and insulation stay in place during the stripping operation.

Weighted handle for a good balance and to avoid the tool falling on the blade.

Slit on the guard to guide the tool during longitudinal cut.

Delivered in a soft case.
