/ CAX-CBX

Adjustable fixed points for vertical or oblique conductors

/ Standards

- CEI 61230

/ Use

These bars are designed to create earthing points in electrical installations, so that standard earthing clamps type S1560 or S540 can be used.

Tip:

For small diameter conductors (Model 12 to 60), the moving part of the clamp should be reversed.

/ Advantages

- Low weight constraints
- High clamping capacity

/ Technical specifications

- Product kind : Fixed point
- Clamp tightening (mm) : Ø12 à 120mm
- Conductor type : Round
- Operating voltage (V) : HTB (> 50 000 V)
- Field of use (environment) :
- Short-circuit intensity kA/Is : 31,5
- Measurement : 370x160x55mm

Product reference	Weight (kg)	Clamp material
CAX12120	1,2	Aluminium
CBX12120	3,0	Bronze
