Anchor clamp

/ Use

The anchor clamp is used to create a fixed anchor point for one or two LV overhead connections of insulated conductors leaving a LV overhead network as bare conductors.

/ Technical specifications

Cast-iron anchor clamp with ring tightening screw.

The shape of the clamp jaw is adapted to the item on which it is to be installed.

The lengthened ring of the anchor clamp receives the insulated hook of the anchor clamp approved for remote work on energised cables.

Product reference	Weight (g)	Capacité de serrage	Modèle	Description	Encombrement
TE40EAC	450	47 mm	fixation sur barre ronde	Étau d'ancrage petit type A pour rond	140 x 100 x 65 mm
TE45EAD	590	14 mm	fixation sur plat grand modèle	Étau d'ancrage grand type D pour plats	100 x 95 x 70 mm
TE50EAS	360	14 mm	fixation sur plat petit modèle	Étau d'ancrage petit type C pour plats	100 x 90 x 50 mm
