/ TP105

Insulating sleeve for LV conductor wire

/ Use

Insulates live conductor wire up to 15mm diameter during work on or near the conductor.
For overhead networks.
Max operating voltage : 1000 V AC.

/ Technical specifications

The sleeves can be maintained in position with plastic clips (ref. TP60).

Product reference	Weight (g)	Longueur (m)	Description
TP10515M	520	1,5	Profilé isolant 1,5 m pour conducteur BT
TP1053M	1400	3	Profilé isolant 3 m pour conducteur BT
TP105S1M	380	1	Profilé isolant 1 m pour conducteur BT
