/ PRG3 SERIE

/ Use

PRG3 pliers enable users to make a circular and longitudinal cuts in order to remove a cable's outer sheath.

/ Advantages

- Interchangeable head between the 3 plier sizes PR4, PRG3, PRG4
- Faster and safer than a knife
- Quick adjustment of the longitudinal cutting depth

/ Technical specifications

- Specific tools : Cable tools
- Cable tools : Cable tools
- Packaging : Carton box
- Tools king : Specific tools

/ Spare parts

	Reference	Designation
	MTC3/**	Circular cutting wheel
	LGPG	Set of blades for opening sheath

Product reference	For network cables	Weight	Max diameter	Mini diameter	Circular cutting depth	Longitudinal cutting depth
PRG3/C11-L101216	medium voltage	680 g	52 mm	26 mm	1,1 mm	1,0 - 1,2 - 1,6 mm
