## / C348 Fire blankets

### / Standards

BS EN 1869

### / Use

The fire blanket is useful for the protection of the men and the material.  
It must always be accessible in offices, workshops and substations.

### / Technical specifications

Blanket supplied in an ABS plastic box, which is both chemical and corrosion-resistant.  
Instructions provided as symbols that can be readily understood by all.  
Box is visible in the dark due to its glow-in-the-dark label.  
Ideal where space is limited.  
Reusable blankets that must be disposed of when damaged or contaminated.  
Temperature range : -20° C to +100° C.  
Weight of the blanket : 520 g/m<sup>2</sup>
