/ TC45N

Safety Helmet for electricians with 4 point chinstrap

/ Standards

- EN 397
- EN 50365

/ Use

Safety helmet for industry.

Protects the user against the risk of accidental contact with an electrical conductor and against the risk of shock.
Can be worn with a face shield as an accessory.

/ Advantages

- Compact, lightweight unit
- Rack and pinion headband adjustment system to be used with gloves
- Perfectly balanced helmet, offering optimum protection for electricians in all types of industrial environments.
- Fold-down headband adjustment system for optimum storage

/ Areas of activity

Cable & Connections

Electric mobility

Electric traction

Electrical distribution

Production

Transport

Industry

Substation

/ Technical specifications

- Ventilation : Non vented
- Shell material : ABS
- Helmet harness ajustement : Rack
- Head size (cm) : 56-63
- Neckband material : Foam
- Fixing points : 6 points
- Jugular points : 4 points
- Lifespan from manufacturing : 84 months
- Encoche universelle pour écran
- Mounting notch (for earmuffs fixation)
