/ BT318

Earthing and short-circuiting clamp for bare LV overhead lines

/ Standards

- CEI 61230

/ Advantages

- Automatic spring clamp, no manual tightening required
- Fast and easy to use

/ Areas of activity

-  Electrical distribution
-  Civil security
-  Transport

/ Technical specifications

- Product kind : Clamps
- Clamp material : Aluminium
- Clamp tightening (mm) : Ø3 à 18mm
- Conductor type : Round
- Operating voltage (V) : BT (50 V to 1000 V)
- Field of use (environment) :
- Short-circuit intensity kA/Is : 4

Product reference	Measurement	Weight (kg)
BT318APV	560x55x30mm	0.23
PT318	160x55x45mm	0.27
