Suspension chain handling device

/ Use

The suspension chain handling device is used to move a suspension chain.

/ Areas of activity

Electrical distribution

Transport

/ Technical specifications

- Pole kind : Fixed
- Operating voltage (V) : HTB (> 50 000 V)
- Pipe kind : Rounded
- Part number : 1
- Pipe diameter (mm) : 64

/ Accessories

	Reference	Designation
	LW10-02-PT	Wide-groove bearing pulley with eyebolt
	LW10-02-PC	Wide-groove bearing pulley with hook
