/ WI45/260

Indoor insulating platform

/ Use

Non-slip walking platform made of plastic material with fiberglass.

Easy to disassemble legs and convenient platform for transportation.

Dimensions: 500x500x40 mm.

Feet made of highly insulating and durable material, which can be screwed down at an angle to form a support surface of 560x560 mm, thus making the platform absolutely IRRIBALTABLE.

Height: 260 mm.

Rated voltage: 45 kV.

/ Areas of activity

Cable & Connections

Electric mobility

Substation

Electrical distribution

Production

Electric traction
