## / NB2025B

Earthing clamps for compact fixed ball points

## / Standards

- CEI 61230

## / Use

Specially designed clamp for earthing fixed points with balls.  
Easy to use on all shapes of conductors and fixed points.  
M10 stainless steel screws included.

## / Advantages

- Low weight constraints
- Fast and easy to use
- System that facilitates the installation of malt

## / Areas of activity

-  Industry
-  Civil security
-  Transport

## / Technical specifications

- **Product kind** : Vice grips
- **Nozzle type** : Bayonet (B)
- **Clamp material** : Cupro-alu
- **Clamp tightening (mm)** : Cylindrique : Ø5 à 32mm Plat: jusqu'à 32mm Boule: Ø20 et Ø25mm
- **Conductor type** : Ball, Round, Flat
- **Operating voltage (V)** : HTA
- **Field of use (environment)** : Station office
- **Station office** : Before electric meter
- **Short-circuit intensity kA/Is** : 23,5 kA/Is tout conducteurs; 20 kA/Is sur boule Ø20mm
- **Measurement** : 210x85x35mm
- **Weight (kg)** : 0,75
