Electrician face shield with headband and brow-guard

/ Standards

EN 166 / EN 167 / EN 168 / EN 170

/ Use

Protection of eyes, face and top of the head against electrical short circuit arc.
For operations on or near low voltage installations.

/ Technical specifications

Set including a screen holder and a faceshield :

Screen support = Polypropylene front shell, blue color, with adjustable headband with rack system (53 to 61 cm) using a setting wheel, and comfort sweat headband made of foam,

Lifting screen function, with tightening by 2 side wheels

Colorless polycarbonate screen, with marking:

- 2C = 100% UV filtration
- 1,2 = colorless eyepiece passing 91,2% of the visible light
- 1 = optical quality / Class 1, without deformation during permanent wear
- AT = Strong impact resistance speed: 190 m / sec between -5 ° C and + 55 ° C
- 8 = Short circuit arc protection
- 9 = Resistance to molten metal and hot particles

Fixing the screen on the support is provided by cleats that come to block and maintain screen.

Advantages

- Compact, rugged and sustainable
- Optimal protection of face thanks to the shape of the screen,
- Excellent panoramic view,
- Sweatband on foam support for greater comfort
