

#### / D260

Pair of cable drum unwinders on base

See online

#### / Use

Allows the rotation of the reel on the rollers of the 2 shoes that support it.

## / Technical specifications

Steel frame with Ø70mm aluminium rollers mounted on sealed bearings. Great stability and easy change of the reel. Sold in pairs.

# **Technical sheet**

### Advantages

- Very robust device ideal for unwinding reels.
  The 2-shoe system gives it optimised storage and weight.
  Great stability and easy loading of the reel (anti-slip ramps).
