/ D260

Pair of cable drum unwinders on base

/ Use

Allows the rotation of the reel on the rollers of the 2 shoes that support it.

/ Technical specifications

Steel frame with $\varnothing 70$ mm aluminium rollers mounted on sealed bearings.
Great stability and easy change of the reel.
Sold in pairs.

Advantages

- Very robust device ideal for unwinding reels.
- The 2-shoe system gives it optimised storage and weight.
- Great stability and easy loading of the reel (anti-slip ramps).
