/ GLE36-0

Natural rubber insulating gloves

/ Standards

- CE category : Category 3
- EN 60903:2004 Electric protection : Class 0
- Category : A, Z, C

/ Advantages

- ReaCh
- SVHC free

/ Areas of activity

- | | |
|--|---|
|  Electrical distribution |  Civil security |
|  Industry |  Electric traction |
|  Electric mobility |  Transport |

/ Technical specifications

- Available sizes : 6, 7, 8, 9, 10, 11, 12
- Thickness (mm) : <1.6
- Length (mm) : 360
- Main color : Beige
- Max. operating voltage (V) : 1 000 V AC
- Max voltage use : Alternative (V AC)
- Coating material : Latex
- Coating finition : Smooth
- Coating material and finition : Smooth latex
- Number of layer : Single layer
- Electrical gloves cuff characteristic : Not bypassed
- Percentage of product weight made from recycled material (%) : 0
- Percentage of recycled material in the packaging (%) : 30
