

/ SFE9440 Remote Area Lighting System

See online product sheet

/ Standards

RoHS (Restriction of Hazardous Substances) compliant

/ Use

Moves fast to light up ravines, confined spaces, riverbanks... anyplace generator lights can't go.

/ Technical specifications

Body and head made in polycarbonate/ABS.

Mast made in aluminium.

2 brightness settings.

Battery type : NiMH, rechargeable.

Battery charging time: 8 hours.

Battery level indicator.

Colour : yellow.

Advantages

Deployed, the mast extends 7 feet high, shining light over low obstructions encountered by traditional lantern style lights.

With a 120 degree beam spread and up to 2400 lumens, the entire emergency area will have the light you need for a safe and swift operation.

The SFE9440 is maintenance free, using super tough LED lamp modules and NiMH batteries for up to 6 hours of continuous light.
